

MILLENNIUM HOTEL ST. LOUIS

GREEN PROGRAM

Primary Goals

- Raise awareness of sustainable development issues that are relevant and beneficial to our hotel operation
- Promote environmental purchasing and supply
- Implement and monitor progress of all Green Programs property wide
- Volunteer efforts within the community supporting green initiatives, to include Urban Roots Planting Day and Sustainable Living Educational Fairs

Accomplishments

Electrical Energy Conservation

- New, low energy lighting (Compact Fluorescent Light) is being used within the hotel. Use of incandescent lighting has been phased out
- Localizing hotel towers during low occupancy periods (power down vacant rooms)
- All new equipment purchase is EnergyStar® compliant

Recycling

- Property-wide paper recycle program to include: glass, plastics, cans and cardboard
- Providing newspapers in common areas, eliminating excess paper by 75%
- Property-wide reduction of printing business reports, replaced with electronic distribution

Eco-Friendly Suppliers and Products

- Cleaning processes revamped to eliminate the use of aerosols and introduced eco-friendly chemicals
- In-house laundry uses only eco-friendly cleaning chemicals
- Eliminated the use of non-biodegradable Styrofoam cups property wide
- Guest room keys are made from recycled plastic
- Selected eco-friendly suppliers from the Avendra procurement program
- Complimentary bicycles to ride around downtown and Arch grounds

Products and Practices: Water Conservation

- Guests contribute by opting to have their linens changed on the second night of their stay, in order to reduce the amount of water used in the cleaning process
- Guests participate in the terry re-use program, in which they can hang their towels back on the rack and reuse or simply place towels on the floor or in the tub to be replaced by clean, fresh ones
- Hotel rooms have been equipped with showerheads, toilets and faucets that conserve water
